4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The policy of the Institution for creation and enhancement of infrastructure to facilitate effective teaching and learning is chalked out by the Governing Body of the College in consultation with the Management Committee and Building Committee. Keeping in view the current dynamics of effective teaching and learning and demands of new courses, the Governing Body makes a policy to create and enhance new infrastructure and renovate the existing infrastructure. The policy is implemented by the Building Committee. Infrastructure of good number of class rooms are renovated by management committee. RUSA sanctioned Rs. 2 crores for infrastructural development (Under component – 9) during the year 2018 – 19 and Rs 1 crore has been already released in 2019 – 20 and spent. A new High End Computer Lab has been established along with providing latest equipment to various science labs viz., Physics, Chemistry, Botany, Zoology etc. 03 e-class rooms and 01 digital class room also provided for providing better quality education to the students. As per the recommendations of the Staff counsel of the various science depts, Lab equipment have been purchased with RUSA funds as per the requirement of new syllabus. The purchased lab equipment is handed over to concerned Heads of the Departments and entered the same in Stock registers of the concerned departments. Under, renovation and infrastructural development of college buildings, electrification of about 30 class rooms along with arranging new fans and tube lights were completed. The three labs in the Botany lab, the Principal's Chamber, Vice-Principal's chamber, Examination Cell, English department, 02 NSS office rooms have been equipped with better facilities with the same RUSA funds. A good number of training programmes have been arranged over the usage of e-class rooms and digital class room. A Special training programme in MS Office is organized for the best of both teaching and non-teaching staff. APSSDC Lab has been established to train our students in soft skills and communication skills with special focus on interview skills. As a part of curriculum enrichment programmes the department of commerce organized a Certificate Course on Tally with GST in collaboration with APSSDC.
