**GOVERNMENT OF ANDHRA PRADESH
ABSTRACT**

Higher Education-Collegiate Education-Policy for takeover of willing Private Aided Degree Colleges including Minority Degree Colleges by the Government- Orders – Issued.

HIGHER EDUCATION [C.E.] DEPARTMENT

G.O.Ms.No.42

Dated:10.08.2021
Read the following:-

1. A.P. Education Act, 1982.
2. G.O.Rt.No.52, Higher Education [CE] Dept., dated:06.04.2021.

ORDER:

Decades ago when the concept of providing Grant-in-Aid by the Government to Private Educational Institutions was initiated, it was envisioned to improve overall educational infrastructure. Over the years, the Education sector has changed drastically. Especially in the recent past, the State Government has put in massive efforts for strengthening educational infrastructure particularly with the launching of programmes/schemes such as Nadu-Nedu, Jagananna Vidya Deevena, Jagananna Vasathi Deevena etc. Owing to all such schemes and establishment of more number of Government Institutions, the educational infrastructure especially in the Government sector has improved significantly. Further, there has been an increased participation of the Private Institutions in the Education Sector in the recent past providing greater opportunities for accessing education. However, despite extending majority of the Government schemes such as Jagananna Vidya Deevena, Jagananna Vasathi Deevena etc., to the students studying in aided institutions on par with Government Institutions, there has been a steady decline in the student enrollment into private aided educational institutions. Additionally, it has been brought to the notice of the Government that few aided educational institutions could not run the courses because of very low enrollments and high operational expenses. This testifies that in these changed circumstances, the Private Aided Educational Institutions in the State seem to have lost their relevance and vitality as most of them are lagging behind the Government and Private Unaided Educational Institutions in terms of performance and quality resources. Thus, the Government felt that the present policy of extending grant-in-aid to the Private Educational Institutions needs a detail review and course corrections.

2. The Government has also noticed that, in aided educational institutions, the percentage of admission in aided courses is gradually decreasing year on year while there has been significant improvement in student enrollment and standards in the Government Institutions. Also, filling aided staff vacancies in such aided institutions and possible demands of unaided staff, who are selected without any transparent method of recruitment i.e., without a sanctioned vacant post and/or without a competitive selection process similar to that of recruitment of Government Staff through appropriate Selection Committee, for regularization into aided posts lead to huge financial burden on Government's exchequer. Further, such regularization is illegal as per Apex Court Judgements in Umadevi and Manjula Bhashini cases and Andhra Pradesh Act 2 of 1994 (Regulation of Appointment to Public Services and Rationalization of Staff Pattern and Pay Structure). Additionally, it has been brought to the notice of the Government that few aided educational institutions could not run the courses because of very low enrollments and high operational expenses. Further, w.r.t. Higher Education, it has

Continued...

been observed that the student strength in the regular aided courses is far too less when compared to the self-financed market-oriented unaided courses offered by the same institution. This indicates that there is a heavy under utilization of the available aided resources in the institutions while directly or indirectly poaching the students into unaided courses. Furthermore, there is no need to stress any further on effectively utilizing all the available resources in the educational institutions to achieve the objectives of the schemes namely "Jagananna Vidya Deevena" and "Jagananna Vasathi Deevena" for free education and "Nadu-Nedu" for strengthening educational infrastructure. Also, wherever necessary, it is important to provide autonomy and opportunity to self-sustain for private aided institutions on par with private unaided institutions on the lines of National Education Policy (NEP) 2020 that highlights the need for providing graded autonomy to institutions. Thus, it is a matter of public interest to take over the voluntarily willing private aided educational institutions.

3. To inquire further into the matter before taking a policy decision, the Government constituted a Committee vide G.O.Rt.No.52, Higher Education (C.E.) Dept., dated.06.04.2021 to study the performance of Private Aided Educational Institutions right from Schools including Minority institutions in the State. Accordingly, the Committee has submitted a report recommending that there is no necessity to extend grant-in-aid any further to the Private Educational Institutions in the State.

4. After careful examination of the report of the Committee, the Government hereby orders the following in respect of policy for takeover of willing Private Aided Degree Colleges including Minority Degree Colleges in the State without any financial burden on the exchequer in the following manner:

A. The Commissioner of Collegiate Education shall immediately call for applications in writing from managements and staff of such Private Aided Degree Colleges whose managements are voluntarily willing to handover the management and infrastructure to the Government without any liabilities and accordingly,

- (i) The Government will take over their management and assets (movable and immovable) without any compensation payable by the Government through an irrevocable & unconditional registered deed of conveyance. Consequently, such institutions will become Government institutions.
- (ii) Additionally, to enable Government for absorption of aided staff of such willing aided institutions into Government institutions, the earlier orders of the Government such as G.O.Rt.No.890 of Education, dt:02.08.1996, G.O.Ms.No.47 of Education, dt.14.05.2007 etc., will be amended suitably or new orders will be issued as required for implementation of this policy.
- (iii) Once the process of takeover is completed, the Government will have the power to utilize the surplus assets (movable and immovable) of the institution for any public purpose after taking approvals as per the procedure after meeting the requirement of the institution. In addition, the Government will have powers as contemplated under Sections 61, 62 and 63 of the A.P. Education Act, 1982 only for this purpose.
- (iv) Also, the Government will absorb the existing aided staff of such aided institutions into Government by duly framing the rules for their service and other purposes.

Continued...

- (v) Further, such managements and their unaided/part-time staff (both teaching and non-teaching) will be mandated for giving a legally binding undertaking declaring that they are fully aware of the prohibitory clauses of Act 2 of 1994 (AP Regulation of Appointments to Public Services & Rationalization of Staff Pattern and Pay Structure Act, 1994) and they should never seek recourse for regularization now or later, on what-so-ever grounds; only the competent unaided/part-time staff (both teaching and non-teaching) of such aided institutions will be continued on outsourcing basis as per the suitability and eligibility of the individuals and as per the requirement which will be identified based on the student strength, workload and viability of the institution. The salaries for such unaided/part-time staff (both teaching and non-teaching) who are continued on outsourcing basis will be paid as per the Government norms issued from time to time from the fee being collected from the students if the amount so collected is sufficient or their salaries will be paid from the Government funds if the Government decides not to collect any extra fee from the students which is being collected now from the students of unaided courses.

B. The Commissioner of Collegiate Education shall immediately call for applications in writing from managements and staff of such Private Aided Degree Colleges whose managements are willing to surrender their aid in the form of surrendering their aided staff to the Government but not the assets and accordingly, the Government will absorb their aided staff into the needy Government Degree Colleges through a transparent web counseling process duly framing the rules for their service and other purposes. Consequently, the grant-in-aid shall be withdrawn permanently for such institutions with the following conditions read with Section 47 of the AP Education Act 1982:-

(i) If any such institution has received any grant from the Central Government or State Government or their instrumentalities, the assets created with such grants cannot be disposed of / used for the purposes other than for which it was granted without prior approval of the Government,

(ii) If any such institution has been allotted any land by Govt. either free of cost or at a concession rate or even on payment of full market value, such land cannot be disposed of / used for the purposes other than for which it was allotted without prior approval of the Government,

(iii) If any such institution has got any other lands/assets donated by philanthropists or a trust or other organizations, such land/asset cannot be disposed of / used for the purposes other than for which it was donated without prior approval of the Government.

C. Additionally, for the purpose of absorbing the aided staff of such willing aided institutions into Government institutions, Special Rules w.r.t. their service matters, inter-se-seniority etc., will be issued on the similar lines of the concerned Rules issued vide G.O.Ms.No.96, HE(CE)Dept.,dt:08/07/2008. The Rules so issued shall be binding on such aided staff who are willing to be absorbed into Government as the absorption is based on their willingness to do so.

D. Further, for such aided staff, presently the total amounts of salaries are being paid by the Government through grant-in-aid. Hence, there won't be any additional financial burden on the Government w.r.t. payment of salaries to them. However, other benefits such as GPF/CPS, APGLI, LTC etc., will be extended suitably.

Continued...

E. Additionally, owing to the withdrawal of the grant-in-aid, the Commissioner of Collegiate Education shall accommodate the existing students of such Private Aided Degree Colleges, whose managements have surrendered their aid in the form of surrendering their aided staff, into Government Degree Colleges of their choice in the State on the request of their parents in writing. Further, the managements of such aided degree colleges after surrendering their aided staff will run the colleges and courses as Private Unaided Institutions and hence the students may continue pursuing their studies in such Private Unaided Institutions. Also, the higher fee being charged from the eligible students will be reimbursed under Jagananna Vidya Deevena scheme implying that the students pursuing their studies will not be subjected to any extra financial burden.

F. Also, the Government hereby authorizes the Higher Education Department as nodal department for all matters pertaining to operationalization of this policy including issuing of any new/revised rules and all the concerned departments for routing all matters pertaining to operationalization of this policy through the Higher Education Department.

5. Accordingly, the Commissioner of Collegiate Education shall immediately take necessary action, in consultation with the Government, towards standardizing the check-list, deed of conveyance, declarations regarding aided and unaided staff etc., preparing guidelines for absorption of aided staff into Government through a web counseling process and also for sending proposals, if required, for issuance of new/special Rules and/or amendments to relevant Rules for operationalizing this policy after getting the same legally vetted.

6. This order is issued with the concurrence of the Finance Dept., vide their U.O.No.HROPDPP/16/2021(Comp.No.1352507),dated:22.07.2021.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)

SATISH CHANDRA
SPECIAL CHIEF SECRETARY TO GOVERNMENT
