BEST PRACTICE

TITLE: YES IDEA CAMPAIGN FOR BHARATH VISION 2047

Objectives of the Practice:

- To develop critical thinking and analytical abilities through participative learning.
- To impart social responsibility by involving in events related to commemorative days.
- To provide an engaging and interactive learning experience.
- To prepare students for the future of work
- To provide students with the tools and resources to explore topics and find solutions to real world problems.

The Context :

Hindu College, Guntur is one of the oldest institutions in the State of Andhra Pradesh and accredited by NAAC for four times. This Institution ranked as APs 2nd Best Non-Autonomous College-2024 by Eduworld. The Department of Economics is one of the strongest departments of the College. This department organized 12 National Seminars, 05 International webinars, 08 MRPs along with 200 research publications and a good number of Text books and Edited Volumes. The department responds positively to various socio-economic issues and acts accordingly from time to time. In this context, it is observed that many students were not participated in the Youth Movement known as 'Ideas from Youth for Viksit Bharat@2047' through Government Portal. And hence we decided to propagate the idea of Government of India by conducting an innovative National level activity.

The term 'Viksit Bharat' means 'Developed India'. It represents the government's vision to transfer the country into a developed entity by its 100th independence in 2047. The four pillars of Viksit Bharat are Yuva (Youth), Garib (Poor), Mahila (Women) and Kisan (Farmers). Now, the portal is not accepting entries. In this context, it is proposed to organize a National Level YES-I (YOUNG ECONOMIST SHARE IDEA) Campaign to collect the Ideas from

Young Economists and to submit it to concerned authorities by publishing selected ideas into a book form.

The Practice (How to Apply):

To encourage the student community across the country, we prepared a google form to register their names.

1. Register your Name through the google form and submit your proposal not more than in 500 words .
2. All the entries will be scrutinized by our Team and finalists will be announced through Whatsapp group created for this purpose.
3. All the finalists should submit their proposal through PPT in Virtual mode (probably through Zoom meeting).
4. Medium of presentation should be in English only.
5. Top 03 Best Ideas will be awarded with cash Prize. (1st Rs. 3000 INR; 2nd 2000 INR and 3rd 1000 INR)
6. All the participants will be given certificates and appreciation letters.
7. No limit for registrations from a college, however, Identity card or letter from Head of the Institution should be submitted.
8. Opinion of the Presenter is his opinion. Organizers are not responsible. However, the decision of the Organizers is final.

Evidence of Success :

- ✓ A total of 150 students across the Country participated in the event
- ✓ The best 9 presentations have been selected for the presentation
- ✓ Top 03 presentations were given prizes
- ✓ All the ideas were brought into a book form

Problems Encountered and Resources Required

- ✓ Reaching the students of rural areas
- ✓ Encouraging the students to inculcate their ideas
- ✓ Improving their presentation skills

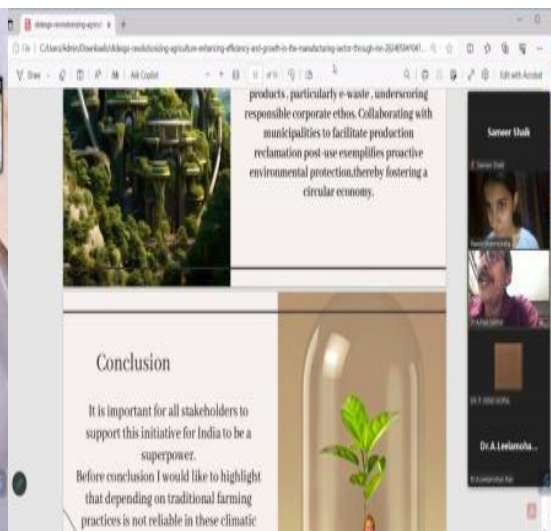

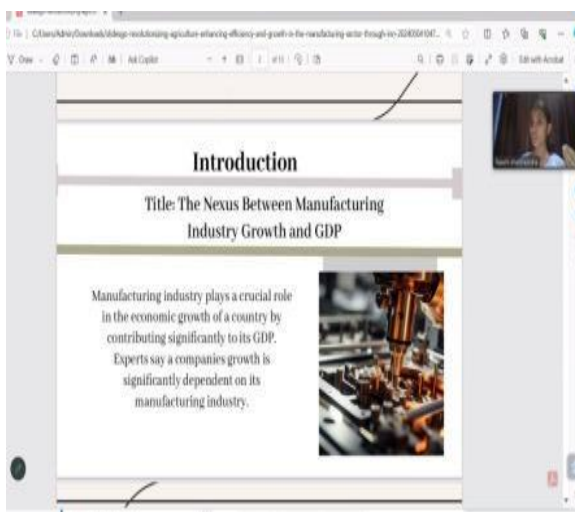

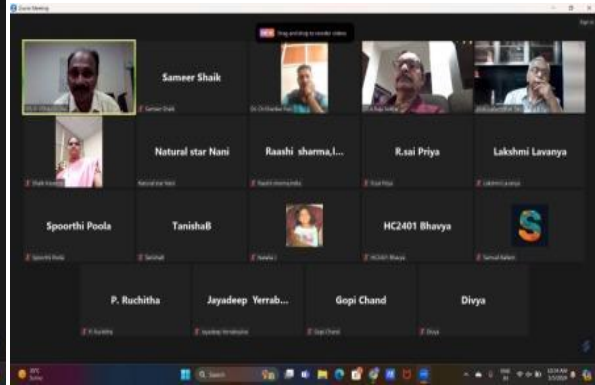

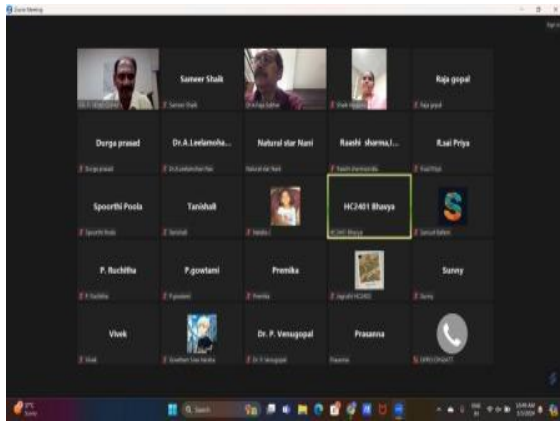

Resources Required:-

The requirement of financial resources is limited which is around Rs. 5,000. However, we used the technology to reach the student community and to collect ideas from them. Even at the time of presentation, we used Online mode, which is both cost and time effective.
