To,

The Pricipal
Hindu College
Guntur.

Sub: Support in organising 'National Symposium on Ethno-botony' of Hindu College, Guntur,
Andhra Pradesh – Reg.

Sir,

With reference to the subject cited, it is a pleasure to inform you that this Institute is willing to support Hindu College, Guntur especially in organising guest lectures and student interaction and for collaboration in organising a 'National Symposium on Ethno-botony' with your college.

In this connection, you are requested to finalise the date in organising this 'National Symposium on Ethno-botony' so that this Institute can plan accordingly.

This is for your kind information and further necessary action.

Thanking you sir,

भवदीय

(डॉ. बी. वेंकटेश्वरु)

National Symposium

on

"Role of Ethnobotanical Medicine in Human Life"

Date : 02-03-2024

Organized by

Department of Botany, Hindu College

in Collaboration with

Regional Ayurveda Research Institute,

Central Council for Research in Ayurvedic Sciences, Ministry of AYUSH, Vijayawada.

About the College

In 1935 The Vice Chancellor of Andhra University and later President of India Dr. Sarvepalli Radhakrishnan inaugurated this noble institution. It became a First grade College in 1947, originally affiliated to Andhra University and later to Nagarjuna University. The College got UGC recognition and as well as NAAC. The college has achieved the great heights in providing quality education to the student community. **Sri S.V.S. Somayaji**, the present President of the College Committee and **Sri Ch. Ramakrishna Murthy**, present Secretary and Correspondent are known for their service to the cause of education and their devotion to the all-round development of the College. The success of the institution is reflected by its alumni.

About the Department

Department of Botany was established in the year 1936 with the efforts of prof. C.Venkata Rao and Prof.C.Ramakrishna Rao. The department is well established with good furniture, laboratory, plant specimens, and herbarium of rare and endemic plants. Dr, T.S. Rama Rao and other faculty members tried their level best to elevate the department at national level. Presently the department is offering B.Sc with various combinations and M.Sc Botany with overall students strength of 500. Currently the department comprises of 6 faculty members, who are all having a teaching experience of more than 25 years. The department is committed to achieve academic excellence and Research towards strengthening the students competence to reach more and more opportunities in the filed of plant science.

About the Regional Ayurveda Research Institute, Vijayawada

Regional Ayurveda Research Institute (RARI), Vijayawada is a peripheral institute of the Central Council for Research in Ayurvedic Sciences functioning under the Ministry of AYUSH, Government of India, New Delhi. This Institute was established in the year 1972 and is engaged in conducting various intramural and collaborative clinical research projects. The mandate of this institute is research related to skin diseases and vector-borne diseases. In addition, this institute is involved in Outreach Health Care activities and pharmaceutical development & preparation of various coded drugs of CCRAS. This institute serves the public with various facilities and departments, including the Out-Patient Department, In-Patient Department, Clinical Laboratory, Pharmacy, X-ray and Panchakarma units.

Theme of the Symposium

The main theme of the National Symposium is to bring awareness to students and public about the importance of medicinal plants and their utility to the man kind. In the present scenario, the Ayurvedic medicine is playing a major role in curing several diseases without causing any side effects. Due to anthropogenic activities and urbanisation, the medicinal plants are getting extinct. So it is the duty of every citizen to conserve the Rare, Endemic and Endangered Medicinal Plants.

Department of Botany in Association with Regional Ayurvedic Research Institute has conducted one day National level symposium.

REPORT

Aim: To Create an awareness on traditional medicine especially Ayurveda among the students.

Procedure:

when we got an idea of conducting this programme we approached THE REGIONAL AYURVEDA RESEARCH INSTITUTE, CCRAS, Ministry of AYUSH, Vijayawada. They accepted our request to collaborate with us, later we consulted 4 resources persons.

1. Dr. B. Venkateswarlu, Assistant director Incharge. RARI, Vijayawada
2. Dr. V. Nagalakshmi Director, IMIS, VIJAYAWADA
3. DR. KSR. Gopalan, Director, Snigdha Ayurveda Hospital, Gunutr
4. Dr. M. Ramaiah, HOD, Pharmacogocy, Hindu college of pharmacy, Guntur

After taking the consent of the resource persons we made broucher and circulated to the various institutions. We requested two organizations (SahasrYogam and Kaundinya IAS Academy) for the financial support. They accepted and sponsored the event. For this, 300 students from various colleges attended, especially pharmacology students, participated with great enthusiasm. We invited eminent persons as resource persons, they gave very good lectures which are inspired to the students .The feedback of the student is excellent. The symposium lasted from morning 10 o'clock to evening 4 o'clock . Along with the students, faculty members from different colleges participated in the sessions. we served lunch for more than 300 members .we thank the Management for the support . Our regards to principal P.M Prasad, Vice principal KVS Durga Prasad, administrative coordinator, Dr. Kalidas and IQAC coordinator Dr. P Venugopal for their guidance our students did an excellent job for the arrangements. The strenuous efforts of our department faculty members are quite appreciable in making the event a grand success.

To organize the national symposium we approached 2 organizations for the financial support. They are accepted our request and they came forward to sponsor for national symposium and granted Rs. 20000/- those are:

1. SahasraYogam----- Rs. 15000/- (Cheque)

2. Kaundinya IAS Academy----- Rs. 5000/- (by CASH)

And magnanimously our management granted Rs. 5000/- (Cheque) to meet the needs of the symposium.

Thank you to every one who has supported to meet the expenditure of the symposium.

OUT COME OF THE NATIONAL SYMPOSIUM “*ROLE OF ETHNO BOTANICAL MEDICINE IN HUMAN LIFE*”

The students are well satisfied and learned new things about ethno botany and Ayurvedic medicine. They clarified doubts regarding different aspects of Ayurvedic medicine system. The students learned about the Ayurvedic medicinal plants and medico ethno botanical research and usages in day to day life. They recognized Ayurveda medicine has positive effects on overall health and boost the immunosystem. They knew the preparations of Ayurvedic medicine. The students have observed the different preparations of Ayurvedic formulations. They got knowledge about the difference between Ayurvedic medicine and Modern medicine, various dosage forms of Ayurveda medicine, methods and production process of different Ayurvedic medicine, and also learned Navigating challenge in ethno botanical medicine development, biopiracy and patents of Indian medicinal plants. The students and resource persons interaction was fruitful.

HINDU COLLEGE-GUNTUR
